China, Korea, and Japan TES Workshop
November 24st 2026, Nagoya, Japan

Agenda

Time	Title of the presentation	Speaker
14:00 – 14:10	Opening Remarks & Secretariat Announcements	Mr. Toru Asai Heat Pump & Thermal Storage Technology Center of Japan (HPTCJ)
14:10 – 14:25	Introduction to the CJK TES Network	Prof. Masashi Momota Tokyo Denki University
14:25 – 14:45	Energy flexible zero carbon buildings in Xiong'an: integration of cold, heat and electricity storage	Mr. Wu Jianlin China Academy of Building Research (CABR)
14:45 – 15:05	Power-to-Heat Demonstration with Heat Pumps and Latent Heat Storage towards Carbon Neutrality	Mr. Seung Jin Oh Korea Institute of Industrial Technology (KITECH)
15:05 – 15:25	Azbil Fujisawa Technology Center Building 103	Mr. Satoru Ozawa NIKKEN SEKKEI LTD.
15:25 – 15:45	Break	
15:45 – 16:05	Engineering application of high-efficiency energy storge device in a low-carbon demonstration park	Mr.Shukui Liang China Academy of Building Research (CABR)
16:05 – 16:25	Practical Application of TES Systems as Energy Storage Facilities	Mr. Shung Sang Park Ice Solution Inc.
16:25 – 16:45	Sasashima Live 24 Area Nagoya, Japan	Mr. Susumu Uenotuchi Heat Pump & Thermal Storage Technology Center of Japan (HPTCJ)
16:45 – 17:00	Closing Remarks	from China and Korea
